Research Fellowship – 2 vacancies

Within the project – CDKL5-22-103-01

Ref. ^a: CCMAR/BINCGAM/24/2022

The Centre for Marine Sciences (CCMAR) opens two (02) Research Fellowship for a person with a Master Degree (Bolsa de Investigação não conducente à obtenção de grau académico para mestre), for applicants of any nationality, including stateless candidates, and holders of political refugee statute, **in the scientific field of Biological Sciences** within the research project: CDKL5-22-103-01, named as “Rescuing functional defects in a zebrafish model of CDKL5 deficiency: Contribution to the identification of therapeutic targets”. funded by the Orphan Disease Center - University of Pennsylvania under the following conditions:

Host and Contracting Institution: CCMAR

This fellowship is intended for Master’s Degree holders that are enrolled in a non-academic degree course, integrated in the educational project of a higher education institution and developed in association or cooperation with one or more R&D units at the starting date of the fellowship.

Work Plan, Tasks to perform and objectives:

The CDKL5-22-103-01 project will study the identification of molecules of interest to rescue/mitigate the mutant phenotype of CDKL5 deficiency using zebrafish as model

Specifically, the fellowship holders will be involved in the following tasks and objectives:

- Zebrafish maintenance and treatment of larvae and adults.
- Basic molecular biology techniques
- Fish imaging for phenotype analysis and behavior analysis
- Screening for bioactivities

Scientific Supervisor:

Professor Leonor Cancela, Professor at Algarve University and researcher at CCMAR and Doctor Paulo Gavaia, researcher at CCMAR.

Work place:

The workplace is CCMAR (Gambelas Campus of the Algarve University, Faro, Portugal).

Requirements for the application:

Applicants must meet all the conditions stated below:

1. Holder of a Master Degree in Biological Sciences, Aquaculture, Biochemistry or related fields.
2. Previous effective experience in work with zebrafish in laboratory environment.

- This fellowship may only be granted to those who do not exceed, with the conclusion of the present fellowship contract, an accumulated period of two years in this type of fellowship, consecutive or otherwise, to be confirmed through the candidate's CV.

Non-compliance justifies exclusion from the procedure.

It is desirable that the applicants have experience in **molecular biology** (as demonstrated in their Curriculum Vitae). In the event of a tie between candidates during the selection process, this argument may be used to select the candidates.

Evaluation criteria: criteria for the applications and their relative weight for ranking are as follows:

- Final evaluation of Master in Biological Sciences, Aquaculture, Biochemistry or related fields (25%)**
- Previous effective experience in work with zebrafish in laboratory environment (50%)**
- Proved experience in molecular biology techniques (25%)**

The fellowships will be awarded to the 2 best ranked applicants.

The selection committee reserves the right to contact and interview candidates if additional information or clarification of any curricular aspect is necessary. In case it takes place, the interview aims to evaluate in more detail the curricular items used to grade the candidate according to the list above.

In the event that no applicant has the necessary profile, the selection committee reserves the right to close the call without any recruitment. In the event that the selected person does not take up the position because of failure to comply with documentary requirements or any other reason, or later during the contract if they resign, the jury reserves the right, upon convenience and opportunity, to assign the post to the next applicant in accordance with the ranking positions based on the selectable reservation list that can be used up to 06 months of the date of the present announcement.

Fellowship conditions: Is expected that the present fellowship has an initial length of 6 months, eventually renewed for additional periods, up until the end of the research project and/or with a maximum total of 12 months. It is expected that the fellowships starts from September 2022. The fellowships must be carried out under an exclusivity regimen, according to the FCT Fellowship Regulation (RBI) and of the CCMAR fellowship regulations (see [here](#)) based on the Portuguese law 40/2004, of 18 of August (Scientific Research Fellowship holder statutes) amended by the Decree-Law 123/2019 of 28 of August. A maintenance allowance of 1144.64€ will be paid monthly, through bank transfer, and will be updated as stipulated by the Foundation for Science and Technology (see [here](https://bit.ly/2ZcxUGJ) <https://bit.ly/2ZcxUGJ>).

Application period: from 18th of July to 31st of August 2022 at 23:59 (Lisbon time, Portugal).
