The Jury has decided to extend the application deadline for the position for Research Fellowship for a person with a Master's Degree (M/F). This extension is due to technical issues with CCMAR's website, which may have affected interested candidates ability to access and complete the application process under normal conditions. All current applicants will be notified of this extension and will have the option to update or maintain their applications.

The jury of the call fully understands the confidential nature of the assessment process and agrees not to disclose or discuss its materials, anywhere, with anyone, knowing the consequences of misconduct. The jury further declares that it has no direct or indirect financial, economic, or personal interest that could compromise our impartiality and autonomy as members of this Jury. Thus, the jury declares, under the word of honour, that they will not evaluate candidates with whom they have a conflict of interest, for which the jury will require their immediate replacement.

The jury of the present call considers it necessary to extend the deadline of the present call until September the 22th 2026.
